THE HAVEN • TERRIGAL

welcome

Our wine list has been designed to showcase the world class wines that this country can produce. We have focused on some small boutique wineries, these 'hidden gems' can often fly under the radar. There are of course some well known names, however we encourage you to get out of your comfort zone and 'have a lash' at something new.

We believe you will be pleasantly surprised.

Since 2008 our family has endeavoured to create a wine list of breadth and quality. Each bottle chosen with care. Wines on our Reserve lists are carefully cellared before release. Our list is constantly a work in progress, and we believe that's the way it should be.

Take your time perusing the list, we hope you enjoy it as much as we do. It is all part of the Reef Experience...

reef selection wine... *Proud to be a 'house pour'*

Our Reef Selection wines have all been sourced from boutique family wineries from around Australia. Each vintage is unique and small in production and purchased entirely for our Reef selection wines. This is why we are proud to put our name on every bottle.

WILLS DOMAIN

about the winery.

Wills Domain sits atop 60 hectares of rolling hills in the north of the Margaret River region in the Gunyulgup Valley, Yallingup.

Our vines are planted on sun-drenched northern and western facing slopes overlooking the Indian Ocean. With a maritime climate that is perfect for growing wine grapes, Wills Domain showcases fine, artisanal Margaret River wines with its two old vine vineyards -

Wills Domain Estate (Est 1992) & Yallingup Estate (Est 1985)

Wills Domain in Western Australia's world-renowned Margaret River wine region is home to the Haunold family, father to son vigneron since 1383.

Darren's enthusiasm for the wine industry, passion for winemaking and entrepreneurial flair is the driving force behind the success of Wills Domain. He leads by example and inspires his carefully chosen team to excel.

"Our commitment to being recognised as an iconic regional producer and leader in both food and wine remains focused. Recent accolades for both our Wine and Restaurant have recognised our efforts in positioning Wills Domain amongst Margaret River's finest hospitality establishments." Darren Haunold.

BROCKENCHACK
WINES

about the winery.

After Several years of falling in love with the Barossa, Trevor and Marilyn Harch purchased the historic Tanunda Cellars bottle shop in the late 90's. Trevor expanded this wine connection by also getting involved in wholesale and retail liquor sales in Queensland, spending the following decade 'bringing the Barossa to Queensland'.

Never shy of a bit of hard work, throughout all this Trevor was also overseeing his well-established avocado and persimmon farm, whilst running the Sunshine Coast's largest construction company as co-founder and Managing Director.

With years of experience and knowledge in both the wine industry and the fruit growing business, the next logical step was to transition into growing grapes and have a go at producing his own wine. In 2007, Trevor jumped on an opportunity to purchase an established vineyard in Eden Valley's Keyneton.

The property 'Home Block' a working vineyard for over a century, was then producing Riesling and Shiraz grapes, boasting what is thought to be some of the oldest Riesling vines in Australia, planted back in 1896, alongside Shiraz vines dating back to 1927. Following his first 2008 vintage of a tiny 37 dozen Jack Harrison Shiraz (just to see what he had), Brockenchack excitement only grew when the exceptional quality of the wine spoke for itself. An avid wine enthusiast since his early thirties, after many years of 'research', Trevor came to his own conclusion that there really was no other wine that tasted as good as Barossa Shiraz! ...so why not make some yourself?

about the winery.

We are now the proud custodians of a superbly-sited historic Barossa vineyard, driven by the desire to feel the soil on our hands and to craft authentic, classically-styled wines that reflect our unique sites.

We achieve this by working with the region's hero varieties – Shiraz, Grenache, Mataro and Semillon – farmed using organic and biodynamic practices, handling our fruit respectfully in the winery with minimal intervention.

Our vineyards date back to the 1870s and have been the source of some of the region's flagship wines over several generations. We believe in doing things naturally, therefore much of our work is hands-on. We hand-prune and hand-harvest, managing all aspects in the vineyard with extreme care and attention to detail. Our vineyards are typically dry-grown with certain blocks supported by drip irrigation. We don't apply any unnatural fertilisers or sprays, farming our vineyards sustainably and organically (our Estate Vineyard in Stone Well is certified organic).

Paradigm Hill

about the winery.

A paradigm shift for Ruth and George Mihaly saw us surrender our established careers in food for Ruth and medical research for George to viticulture and winemaking respectively.

We have always been passionate about food and wine and our obsessive pursuit of quality and commitment to ecologically responsible practices led us to establish our ideal and environmentally sustainable vineyard/home site on the Mornington Peninsula.

The overriding focus is on achieving balanced healthy vines producing carefully selected, exceptional & low yielding fruit.

We therefore have only estate grown wines - showing elegance and intensity - but always a purity of varietal expression for each wine - Riesling, Pinot Gris, Pinot Noir & Shiraz..... The journey continues....

It has often been said, great wine is made in the vineyard - and this is why we believe that our terroir is so vitally important to our wines character. We have just over 10 acres of north facing gently sloping vineyard. The vineyard has been established with a very low density of vines (average only 500 vines per acre) grafted onto vigour limiting, salinity and phylloxera resistant rootstock.
